## PROGRESSING THROUGH THE NITROBIKE SERIES

Nitrobike is all about high-speed racing and crossing the finish line first. Besides precision racing, you'll need to pull off huge tricks if you want to succeed. Each successfully landed trick will boost your NITRO gauge, enabling you to boost longer and reach greater speeds. If you fail to land an attempted trick, though, you'll be doubly punished with time lost and a reduction in your NITRO gauge. Execute death-defying tricks to earn those NITRO gauge increases to maximize your speed and get the gold!

## NITROBIKE SERIES EVENTS

### Single Race

This is a single race against nine CPU opponents on a single level. Simple enough – 1st place in the race gets the gold medal for the event, 2nd gets silver, and 3rd gets the bronze.

### Fast Lap

Race a single lap as fast as you can, and try to beat the track-record lap time. You'll qualify for a gold, silver, or bronze medal based on your performance.

### Hoop Havoc

When the start-gate drops, the clock starts counting down. Each hoop you successfully pass through adds time to the clock. Medals are awarded based on how much time you have left on the clock when you cross the finish line.

## Trick Attack

Perform all of the required tricks within the timeframe to qualify for gold, silver, or bronze.

## Elimination

Elimination is a four-lap race, with you and four CPU riders. The rider in last place on each lap is eliminated. Survive the second lap and you've made it to third place. Third lap nets you silver, and winning the fourth lap gets you the gold.

## Series Race

This is a series of races against nine CPU opponents across multiple levels. Points are awarded for placing in each race. The rider with the most points is awarded the gold medal, second place gets a silver medal, and third place gets a bronze.

## IN-GAME DISPLAY

## Time Trial

Race a single lap as fast as you can, and try to improve upon your previous best time.

## Bowling

Use your Nitrobike combined with a sudden stop to bowl the perfect game. You'll unlock this game mode when you achieve a certain "notoriety" in your career.

# MULTIPLAYER

## Local Split Screen

Race against one, two, or three friends in exciting split-screen action in either a Single Race, Race Series, or Elimination.

## Nintendo Wi-Fi Connection

It is possible to play Nitrobike via the Internet against your friends or anyone else, using the Nintendo Wi-Fi Connection.

**NOTE:** If you'll be using the Nintendo Wi-Fi Connection in Nitrobike, you will be able to play only with people within North America, including immediately surrounding countries.

The Nintendo Wi-Fi Connection system has been developed to create the safest experience possible. If you exchange your friend code over Internet boards or with strangers, you risk having unwanted data or offensive language sent to you. For that reason, we suggest that you avoid sending your friend code to people you don't know.

The End User License Agreement, which governs Wii online game play and sets forth the Wii Privacy Policy, is available in the Wii console's System Settings and online at [http://www.nintendo.com/consumer/systems/Wii/en\\_na/privacy.jsp](http://www.nintendo.com/consumer/systems/Wii/en_na/privacy.jsp).

## Getting Started

In order to enjoy races under the best possible conditions, you must have a broadband-enabled Internet connection and must correctly set up the country settings on your Wii console. If your country settings are not correctly set up, you may experience some problems when playing via the Nintendo Wi-Fi Connection.

### Auto-Match (Random)

Opponents using the Nintendo Wi-Fi Connection will be randomly selected based on matching game options.

### Friend Battle

When playing a Friend Battle race, you first need to register someone as a friend.

### Play

Select the game type and then select START GAME.

### Friend Roster

When playing a Friend Battle race, you will need to register a friend using this option.

Select ADD FRIEND and enter their 12-digit friend code to register them.

- Tell your friends your own friend code, which is displayed at the top of the screen.

If registered friends are connected to the Nintendo Wi-Fi Connection and are available to compete in a race, AVAILABLE will be displayed next to their name.

As a result, we are able to respond to your questions much more quickly than we could through standard email. To send us a webmail, simply log into our site at <http://support.ubi.com>.

From this site, you will be able to enter the Ubisoft Solution Center, where you can browse through our lists of Frequently Asked Questions (FAQ), search our database of known problems and solutions, and send in a request for personal assistance from a Technical Support representative by using the **Ask a Question** feature on the Frequently Asked Questions page.
